## Help us to make your journey as safe as possible

- Ensure that you give yourself enough time to catch your train and never try to board or leave trains while doors are closing or the door closing alarm is sounding (doors close 30 seconds before departure). Walk don't run!
- Please take the time to read the safety notices on-train as these contain information on emergency egress.
- Take care while walking in stations, and use the handrails where provided.
- Keep your luggage with you at all times and store securely while on-train. Remember, overhead racks are for lighter pieces of luggage and equipment
- Mind the gap when boarding and alighting trains and be aware that some trains may be longer than the platform at stations on this route.
- When using automatic ticket gates carry young children. If you have any large items of luggage or a buggy, or you are travelling on a group ticket; exit using the barrier controlled by staff.

Please note, all ScotRail services and covered areas of stations are non-smoking.

Pick up our 'Travelling Safely' leaflet or visit our website for more information.

## Changing trains at stations

If you're changing trains at a station on our network, please allow at least five minutes for your connection, 10 minutes at Edinburgh Waverley and Glasgow Queen Street, 15 minutes at Glasgow Central and 30 minutes for the cross-city transfer between Glasgow Queen Street and Glasgow Central. A special cross-city bus service between Glasgow Queen Street and Glasgow Central is available free to valid ticket holders. Customers without a valid rail ticket are also welcome to use this service but must pay the relevant fare.

Pick up a copy of our Travel Connections booklet for detailed information on Airport, bus and ferry links.

Please note that trains may divide en route - please check with staff that you are in the correct part of the train.
